

NEA MB MEMBER ASSISTANCE

At NEA Member Benefits, we know many NEA member households are struggling to navigate through today's difficult economic times. Coping with layoffs, salary cuts, and other financial issues, NEA members are looking for solutions. As your advocate, we have been working with our program partners to ensure that participating members get the support and consideration they need and deserve.

This brochure outlines resources and services currently available to NEA members facing economic challenges. NEA MB will continue to collaborate with our partners to identify additional opportunities to provide special consideration and, where possible, temporary relief from financial pressures.
