

Brand New Benefit for Brand New Members

If you're new to the NEA in the 2008-2009 membership year, you'll be getting off to a good start with a new benefit from the NEA Members Insurance Trust®!

The **NEA Introductory Term Life InsuranceSM Program** provides you \$15,000 in term life coverage—*at no cost*—for your first full year of membership. The coverage begins on your effective date of membership and continues for twelve months. At the end of the twelve months you may purchase the coverage at great members-only rates with no evidence of insurability!

Starting in September, register your beneficiaries online on the NEA Member Benefits Web Site at <http://www.neamb.com>. While you're there, take a look at the other insurance options for protecting yourself and your family. For more information, call our Member Service Center toll free at 1-800-637-4636.
