

Investing in Your Future—Play the Game!

Coming this summer—the perfect way to get your feet wet in the world of investing. Develop your dream investment portfolio and register to play the *Investing in Your Future No Stakes Investment Game* (no money's involved: experience the risks and rewards of investing without any financial consequences!). Once you submit your portfolio, follow its actual performance over the days, weeks and months throughout the next year. Top prize to the portfolio with the best performance results for the year!

Increase your odds of putting together that winning portfolio by first completing the *Investing in Your Future* online courses, which are **FREE** for NEA members. Learn how to develop a diversified investment portfolio and then apply your knowledge to play the game.

In addition to the online courses and No Stakes Investment Game, you'll have access to BetterInvesting's stock and mutual fund selection tools, Standard and Poor's data, and Standard and Poor's Mutual Fund Reports, which have helped millions of Americans construct quality investment portfolios for over 55 years.

Check it all out! Go to www.neamb.com/investinginyou for details.

Brought to you by NEA Member Benefits and BetterInvesting (the National Association of Investors Corporation) through a grant from the NASD Investor Education Foundation.
